Import Java

```java
/*
 * Click nbfs://nbhost/SystemFileSystem/Templates/Licenses/license-default.txt to change this lice
 * Click nbfs://nbhost/SystemFileSystem/Templates/GUIForms/JFrame.java to edit this template
 */
package demoevent;

import java.awt.event.ActionEvent;
import javax.swing.ButtonGroup;
import javax.swing.JOptionPane;

/**
 *
 * @author thinkpad
```

Menambahkan ButtonGroup

```java
    public Latihan() {
        initComponents();

        ButtonGroup bg = new ButtonGroup();
        bg.add(rbnMember);
        bg.add(rbnNon);
    }
```

cbMenuItemStateChange

```java
    private void cbMenuItemStateChanged(java.awt.event.ItemEvent evt) {
        // TODO add your handling code here:
        String menu = cbMenu.getSelectedItem().toString();
        if(menu.equals("Nasi Goreng")){
            txtHarga.setText("15000");
        }
        else if(menu.equals("Bihun Goreng")){
            txtHarga.setText("18000");
        }
        else if(menu.equals("Soto Ayam")){
            txtHarga.setText("25000");
        }
        else if(menu.equals("Soto Daging")){
            txtHarga.setText("28000");
        }
    }
```

btnPesanActionPerformed

```java
    private void btnPesanActionPerformed(java.awt.event.ActionEvent evt) {
        // TODO add your handling code here:
        double hrg = Double.parseDouble(txtHarga.getText());
        int jml = Integer.parseInt(txtJumlah.getText());
        double total = hrg*jml;

         if (rbnMember.isSelected()) {
        total = total - (total * 5 / 100);
    }

        txtTotal.setText(String.valueOf(total));

        JOptionPane.showMessageDialog(null, "Total Bayar Rp "+String.valueOf(total));
    }
```

btnBayarActionPerformed

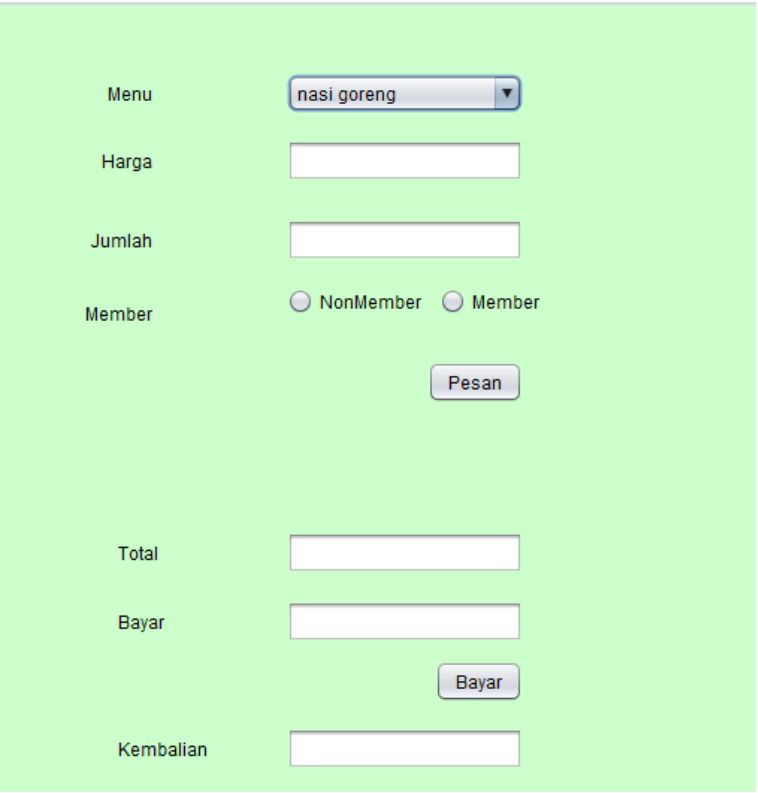
```java
private void btnBayarActionPerformed(java.awt.event.ActionEvent evt) {
    Double bayar = Double.parseDouble(txtBayar.getText());
    Double total = Double.parseDouble(txtTotal.getText());

    if (bayar >= total) {...7 lines }

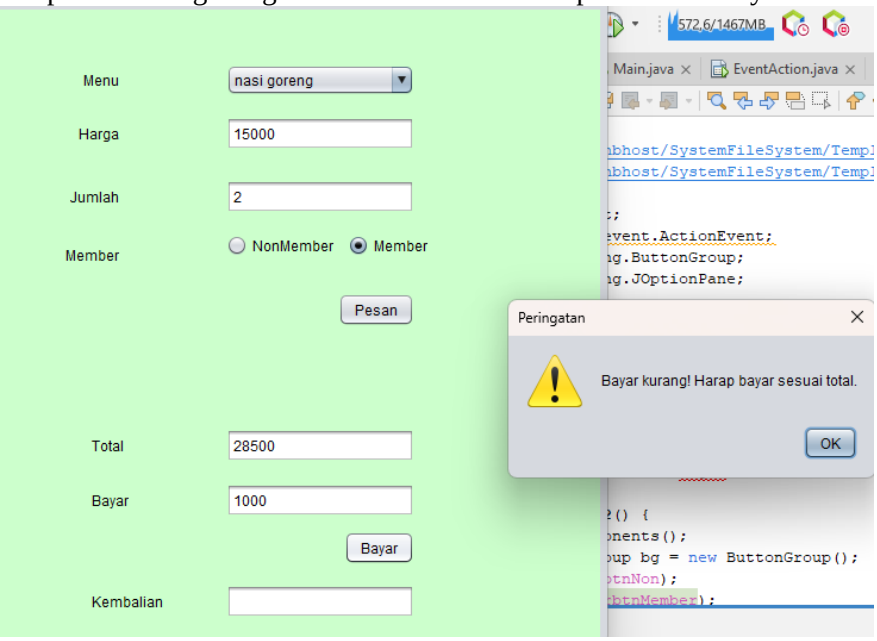
    else{
    JOptionPane.showMessageDialog(this, "Uang Tidak Memcukupi! Silahkan Masukkan Jumlah Yang Benar.", "Error", JOptionPane.E
    }

}
```

Output Sebelum Form Diisi



Output Non Member

Output Member (Disc 5%)


Output Jika Uang Yang Dimasukkan Tidak Cukup Maka Pembayaran Akan Gagal
